

Yard is a felt rug created by joining felt elements with Punto Cavallo and Punto Matelassé.

This stitch enables each side of the rug to be produced with a different colour stitching.

The upper layer is composed of cm 50 wide felt strips of the same colour sewn together with the Punto Cavallo.

The Punto Matelassé crosses them and quilts the rug creating a linear relief.

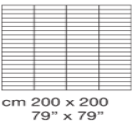

The Punto Cavallo stitching is executed only on the upper felt.

The border features the Punto Cavallo.

This rug can be produced only with a double layer of felt.

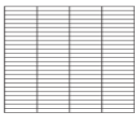

The appearance of the underside will be different from the upper side since the Punto Cavallo inner stitching are not present; the appearance of the border stitching will be also different on the two layers.
