

Dining table with round top and base.

Base: turned steel, gloss varnished (reference colours: Mano Lucida wood sample collection). Plastic spacers.

Top: turned steel, gloss varnished in a colour matching the base.

Notes: the gloss varnishing of the Gon table is a mechanical industrial process. The colours of the Mano Lucida samples are therefore only chromatic references: the mechanical finish of Gon does not reproduce the texture obtained through the manual varnishing typical of the products finished Mano Lucida.
