

Series of cushions with removable cover available in different dimensions.

**The natural materials featured in the Eres collection can be used outdoors, but not be directly exposed to the elements, and require some extra attention and care than traditional outdoor furniture. These products need to be used under a stable cover and to be protected overnight. It is also recommended that they are sheltered indoors for seasonal protection. Some of the materials will mature and will change appearance and colour over time. And this will naturally happen.**

**Padding:** polyester fiber, fixed foam covering in waterproofed polyester.

Only the 50x60 cm. cushion code CU04E, usable as back cushion, is provided with an insert in stress resistant polyurethane.

**Upholstery:**

- Lino Délavé
- Canapa Délavé

**Notes:**

The removable cover of the cushions with dimension 50x50 cm. and 60x60 cm. have knife edges, the cover of all the other cushions has box edges.

The product can be used also in interior environments.
