

Cornice 25 is a felt rug created by joining elements with Punto Cavallo.

It consists of a central area and a frame.

The frame is composed of four cm 25 x 25 squares and four rectangles placed on the sides of the central area.

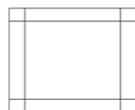

The border features the Punto Cavallo.

This rug can be produced both with a single layer and a double layer of felt.

In the double-layer rug the frame is visible only on the upper side, the underside is always without ornamentation and in one colour.

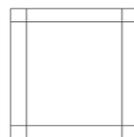

Only in rugs with a width higher than cm 200 the underside shows inner stitching.
