

Large round seating element.

Structure: stress resistant polyurethane foam treated to be water repellent; base in polyester fabric.

Seat pad: stress resistant polyuretane foam treated to be water repellent or Flex.

Structure upholstery: removable and available:

- in Aquatech braids, which are fringed on the upper border, combined with Aquatech fabric
- in Aero fabric.

Seat pad upholstery: removable and available in the outdoor fabrics listed here below.

Notes:

Seat pad upholstery in Aero fabric is available only if combined with seats upholstered in the same fabric.

At least two loose cushions per person are necessary for enhanced comfort.

This product can be used also in interior environments.

The use of a Winter Set protection cover is recommended.
