

Non folding parasol with cover hand woven onto the structure.

**Structure:** aluminum and AISI 304 stainless steel matt or gloss varnished in the colours in the collection (reference for colours: Mano Lucida wood sample collection).

**Sunshade support:** AISI 304 stainless steel, matt or gloss varnished in colour matching the structure.

**Ballast:** cast iron, matt or gloss varnished in colour matching the structure.

**Sunshade weave:** hand- made with Samo cord in Rope yarn.

**Notes:** Mogambo can stand free, but we recommend, whether it is possible, to anchor it to the ground; in both cases it is necessary to use the supplied moulded cast iron ballast.
