

Chaise longue with fixed hand woven upholstery cover.
The Shito series also includes an armchair and a pouf/container.

Structure: steel.

Upholstery: woven with tubular knit Chain Outdoor padded with recycled and biodegradable polyester fibre.

Base: AISI 304 stainless steel, gloss varnished in the colours in the collection (reference for colours: Mano Lucida wood sample collection).
Plastic spacers.

Notes:

The Shito chaise longue is woven with Chain Outdoor because, compared to the indoor version of this tubular knit, Chain Outdoor allows achieving the intricate weaving of the structure more harmoniously.

Loose cushions are recommended for complete seating comfort.
