

Indoor seating platform with backrest composed of a single, large and independent cylindrical element.

**Platform padding:** expanded polyurethane mixed with recycled and biodegradable polyester fiber, layer of recyclable polyester, fixed cotton covering.

**Platform upholstery:** removable, composed of:

- a layer of synthetic felt - made from polyester fibers derived from the recycling of PET bottles from waste sorting, that will be 100% recyclable again - to which décors are applied, made by using production cuttings of the different fabrics and materials in the collection;
- elements in Paola Lenti Felt sewn together with Punto ZigZag and then decorated with fabric appliques and machine embroideries.

**Backrest padding:** expanded polyurethane mixed with recycled and biodegradable polyester fiber, fixed covering in three-dimensional polyester fabric.

**Backrest upholstery:** fixed, in:

- Maglia Rasata, an elastic tubular knit produced with polyolefin yarns remained from the weaving of the outdoor fabrics in the collection (for platforms in synthetic felt);
- Costa Inglese, a two- colours elastic tubular knit, exclusive to Paola Lenti (for platforms in Paola Lenti Felt).

**Notes:** the backrest is simply laid on the platform and can freely move to be placed in the desired position.

**Awards:**

The Metamorfosi collection has been awarded the Green GOOD DESIGN AWARD 2023 and the NYCxDesign Award 2023 in the category of Environmental Impact.

The AZ Awards awarded the collection both as one of the best products selected in the Furniture Systems and Collections category and two Honorable Mentions, one for its design and one for its social impact.
