

Round platform.

Structure: matt varnished tubular stainless steel AISI 316 and mesh, adjustable plastic feet.

Seat padding: recycled and biodegradable polyester fibre, stress-resistant polyurethane insert, fixed foam covering in water-repellent polyester.

Seat upholstery: removable and available in the outdoor fabrics listed here below.

The platform is complemented by two swivel backrests and a side table attached to the structure.

Backrests and side table supports: matt or gloss varnished in the colours in the collection (reference for colours: Mano Lucida wood sample collection).

Backrests padding: recycled and biodegradable polyester fibre, stress-resistant polyurethane insert, fixed foam covering in water-repellent polyester.

Backrests upholstery: removable and available in the outdoor fabrics listed here below.

Side table: top made of aluminium honeycomb and heartwood edge, both finished with gloss varnish in a colour coordinated with the table support.

Notes:

The seating area is divided into three sections and shaped to conceal the steel base, revealing only part of the feet.

The side table is detachable and doubles as a tray.

This product can be used also in interior environments.

We advise to use a Winter Set protection cover.

Awards: Elianto platform has been awarded with the GERMAN DESIGN AWARD 2025 in the Excellent Product Design-Furniture category.
