

Lounge chair.

**Structure:** varnished cataphoresis treated steel provided with plastic spacers.

**Padding:** expanded polyurethane mixed with recycled and biodegradable polyester fibre, fixed foam covering in waterproofed polyester.

**Upholstery:** removable and available in two-colour Costa Inglese knit and in Grana di Riso knit fabrics.

**Notes:**

Costa inglese and Grana di Riso are Paola Lenti's exclusive knit fabrics that interpret tradition making it contemporary: the first is crafted in an inherited two-colour version; the second varies the scale of the classic rice stitch.

Since the fabrics used are soft and elastic, the dimensions listed below are an indication only and may vary by some centimeters.

This product can be used also in interior environments.

We advise to use a Winter Set protection cover.
