

This modular rug is crafted by sewing with Punto Zigzag square and rectangular elements in wool felt with different dimensions.

Elements sizes vary from a minimum of 15×50 cm to a maximum of 30×40 cm.

Each element is densely machine embroidered with Punto Zigzag with threads in different colours as to ensure that there are lighter and darker elements in the same rug.

Elements in a contrasting colour are inserted vertically and horizontally, according to a pre-determined scheme, forming the graphic signs that characterize this rug.

Due to the combination of elements with different dimension the border of the rug is always irregular.

The border features the Punto Pettine.

This rug is produced with a single layer of felt.
