

Series of poufs with cover made of a tubular mélange knit or a wool cord.

Padding: polypropylene micro-spheres.

Padding cover: polyester three-dimensional fabric.

Upholstery: removable and made sewing in a spiral-like pattern a mélange tubular knit in polyester or a woolen cord (Corda Atlas).

Notes:
Corda Atlas is a wool cord that, after being braided, undergoes a two-colour dyeing process which, by settling in a random pattern, creates a delicate, speckled effect that is different each time.

Since the polypropylene microspheres can freely move inside the cover, the dimensions given are an indication only and may vary by some centimeters.
